

# Long Point Region Source Protection Plan

## Section 51 Document Amendments

Amendments to this document, made under Ontario Regulation 287/07, Section 51 following update approval on May 20, 2020, are summarized below:

- March 7, 2022: assessment report and source protection plan amended to reflect the decommissioning of the Lehman Dam surface water intake in Norfolk County. Amendments include the removal of the associated intake protection zones, vulnerability scoring, threats and policy applicability.
